

SACHIN KUMAR

Software Developer · MERN Stack

+91 6396175628 | sachiinprajapatii@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Motivated Software Developer with a strong foundation in Java and front-end web technologies. Experienced in building practical, user-focused applications including browser-based tools and interactive UIs. Familiar with the MERN stack and passionate about writing clean code, solving real-world problems, and continuously growing as a developer.

TECHNICAL SKILLS

Languages: Java, C, C++

Web Technologies: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: React, Node.js, Express.js

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, Vercel, Render, VS Code, IntelliJ IDEA

Operating Systems: Windows

Concepts: OOP, DOM Manipulation, Responsive Design, Local Storage, REST APIs

PROJECTS

Universal Media Downloader | MongoDB, Express.js, React, Node.js

- Built a full-stack media downloader web app using the MERN stack allowing users to download media from various platforms.
- Developed a React front-end with a clean UI for entering media URLs, selecting format and quality, and tracking download status.
- Created a Node.js and Express.js backend with REST API endpoints to handle download requests and manage processing.
- Used MongoDB to store download history, user preferences, and request logs.
- Deployed the application using Vercel (frontend) and Render (backend) for live production access.

Drag and Drop Todo App | HTML, CSS, JavaScript

- Built a task management app with drag-and-drop reordering using the HTML5 Drag API.
- Implemented real-time DOM updates via JavaScript — no page reload required.
- Integrated Local Storage API to persist tasks across browser sessions.
- Added smooth UI animations for a better user experience.

Image Editor Web App | HTML, CSS, JavaScript

- Built a browser-based image editing tool with brightness, contrast, saturation, and filter controls.
- Used JavaScript Canvas API and event handling for real-time image preview updates.
- Optimized layout for responsive behavior across desktop and mobile screens.

Dashboard UI Project | HTML, CSS, JavaScript

- Designed a responsive admin dashboard with sidebar navigation, data cards, and chart sections.
- Built reusable UI components using CSS Grid and Flexbox for clean, scalable structure.
- Focused on alignment, spacing, and responsive behavior across screen sizes.

EDUCATION

Bachelor of Computer Applications (BCA) – 61%

Shri Ram College, Muzaffarnagar
(2021 – 2024)

Intermediate (12th) – 66%

DAV Inter College, Budhana
(2021)

High School (10th) – 73%

DAV Inter College, Budhana
(2019)
